

ENJOY LIFE ...

...WITH YOUR ECLIPSE® DENTURE.

ECLIPSE[®]
PROSTHETIC RESIN SYSTEM

YOUR SELF-CONFIDENCE ...

... WILL MAKE ITSELF FELT BY THOSE AROUND YOU.

If you require a denture, there are some things that you ought to note.

For example, being able to chew well is all important. To achieve this, your denture must fit precisely and there must not be pressure sores anywhere. The denture must never get in the way when you talk, and solvents or other substances must not be allowed to irritate your gums.

Our special denture resin, Eclipse, is just perfect for a precisely fitting, natural looking, biocompatible denture. Ask your dentist for Eclipse comfort dentures.

ECLIPSE – FOR MORE SELF-CONFIDENCE

Self-Confidence

IF ALL OF YOU FEELS GOOD ...

... ALL OF THE OTHERS WILL NOTICE.

With your Eclipse denture, you can feel secure and relaxed – and not just that: Right from the beginning you will be able to enjoy the incredible Eclipse comfort...for a problem free start into life with your new teeth.

Your Eclipse denture is not only extremely durable and pleasantly light weight. It is also free of irritants such as methylmetacrylate and benzoyl peroxide.

Enjoy a better quality of life. Day after day. Year after year.

ECLIPSE GIVES YOU ASSURANCE
